SECTION 1: RECRUITMENT, SELECTION, ADVANCEMENT AND TRAINING

1.0 POLICY

It is the policy of the City of Truth or Consequences to recruit, select, and advance the most qualified persons for the city positions in an open, competitive, affirmative manner to insure no discrimination and to insure equal employment opportunity for all.

1.1 RECRUITMENT

The Human Resources designee shall develop and conduct an active recruitment program designed to meet current manpower needs. Recruitment shall be tailored to the number and nature of authorized positions to be filled and to labor market conditions.

The recruiting efforts of the Human Resources designee and Department Heads will be coordinated and carried out in a timely manner to permit successful competition with other employers. Requests for hiring should be made by Department Heads, with the approval of the City Manager, to the Human Resources designee, and should include job title, job description, job number, and pay scale.

1.11 Job Announcement and Publicity.

To attract an adequate number of candidates for vacancies, and to encourage competition, posting of job announcements, once the request for hiring has been approved by the City Manager, will be implemented by the Human Resources designee.

1.111 Human Resources shall issue job announcements through such media as deemed appropriate to attract qualified applicants without regard to race, religion, color, ancestry, national origin, sex, age, political affiliation, or physical or mental handicap.

1.112 Contents of announcements shall include the job title, description, salary range, qualification requirements, examination information, closing date and time for accepting applications, and any other pertinent information.

1.113 At the request of the Department Head, and with the approval of the City Manager, job announcements may be placed in-house on bulletin boards available to City employees, and on the City website, for a period of one (1) week, to insure reasonable opportunity for employees to apply. This

will be done as an effort to promote from within, provided qualifications are reasonably met.

1.114 Publication of job vacancies, other than in-house, will be placed in a local newspaper for a minimum of two (2) weeks to insure all persons a reasonable opportunity to apply. Regional newspapers may be utilized instead of or in conjunction with local newspapers whenever the Human Resources designee deems it appropriate.

1.115 Recruitment sources shall receive job announcements for all vacancies other than in-house.

1.12 APPLICATIONS

1.121 Application forms prescribed by Human Resources shall include training, experience, and other pertinent information, and must be signed. Proof of statements may be required. Application forms may not elicit information concerning race, politics, sex, sexual orientation, age, ethnicity, religion, or national origin. Such data may be obtained separately for research purposes to insure non-discriminatory practices.

1.122 Rejection of applications may be made if applicant:

1. Does not meet minimum qualifications.
2. Has been convicted of a felony or a misdemeanor or has pled guilty or no contest to a felony, and the Criminal Offender Employment Act, Sections 28-2-1, et seq., NMSA 1978 permits such a rejection:
 - a. Subject to the provisions of the Criminal Offender Employment Act, in determining eligibility for employment, the Department may take into consideration the conviction; however, such conviction shall not operate as an automatic bar to obtaining public employment unless otherwise provided by law to the contrary.
 - b. The following criminal records shall not be used, distributed, or disseminated in connection with an application for public employment:
 - (1) Records of arrest not followed by a valid conviction or a plea of guilt, and
 - (2) Misdemeanor convictions not involving moral turpitude.

NOTE: "Moral Turpitude" is defined by Black's Law Dictionary, 6th ed. as: "In its ordinary sense, inherent baseness or vileness of principal or action; shameful wickedness; depravity. In its legal sense, everything done contrary to justice, honesty, modesty, or good morals. An action showing gross depravity." It is defined by Webster's Third New International Dictionary, Unabridged (2002) as: "1: an act or behavior that gravely violates the moral sentiment of the community; esp: sexual immorality <was considered unfit to hold office because of moral turpitude>"

- c. The City Manager may refuse to consider or renew, or may suspend or revoke the application of any candidate or employee for City employment for any of the following causes:
 - (1) Where the candidate or employee has been convicted of or pled guilty to a felony or a misdemeanor involving moral turpitude and the criminal conviction directly relates to the particular employment.
 - (2) Where the candidate or employee has been convicted of a felony or a misdemeanor involving moral turpitude and the criminal conviction does not directly relate to the particular employment and if the City Manager determines, after investigation, that the person so convicted has not been sufficiently rehabilitated to warrant the public trust.
 - (3) Where the candidate or employee may reasonably be considered to be uninsurable by the City's insurer.
- d. The Human Resources designee shall explicitly state in writing the reasons for a decision which prohibits the person from engaging in the employment, if the decision is based in whole or part on conviction of any crime described in Section 2.5 a.2 above. Expiration of a period of three years after completion of probation or parole supervision after final discharge or release from any term of imprisonment without any subsequent conviction shall create a presumption of sufficient rehabilitation for purposes of subparagraph c. of this section.
- e. The Criminal Offender Employment Act (Sections 28-2-1 through 29-2-6, NMSA 1978) is not applicable to the City law enforcement entity; however, nothing herein shall be construed to preclude a law enforcement entity in its discretion from adopting the policy set forth herein, with the approval of the City Manager.

3. Has an unsatisfactory record or other job related factors, which demonstrate unsuitability for the position to which he/she applied.
4. Has made any false statement or produced any false document in support of the application, including INS Form 9.
5. Has submitted an application, which is not correctly completed, answering all questions and providing information requested, or has failed to submit the application within prescribed time limits.
6. Has submitted an application for a classification that is closed for recruitment.
7. Has, if previously employed by the City, otherwise violated the Personnel Ordinance or these rules.

1.123 Rejection notices shall be mailed promptly to all unsuccessful applicants.

1.124 Application forms will be filed and held for a minimum period of seven (7) years. Applications may be deemed current for up to twelve (12) months after closing date. The Human Resources designee may hold an application without processing it until such time as transcripts, supplemental application questionnaires, or other required information are received by Human Resources.

1.13 EQUAL OPPORTUNITY EMPLOYER.

This will be included in all advertising, job announcements and other Human Resources and similar materials prepared by the City of Truth or Consequences. All publications will be reviewed to insure that they contain no discriminatory language or inferences.

1.2 - SELECTION

The selection process shall provide open competitive opportunities at various levels, as well as advancement opportunities through promotion and training, to insure reliable and objective selection of qualified applicants and equal employment opportunity for all.

1.21 Preference: The following shall be given first preference:

- a. Qualified city employees when applicants are equally qualified.
- b. Local residents when applicants are equally qualified.
- c. Veterans when applicants are equally qualified.

1.22 Selection Process:

- a. Information on the selection process shall be readily available to all applicants.
- b. Selection decisions shall be based solely on job-related factors and applied with consideration as to pertinence of the requirements of the job.

1.23 Open Competitive Selection: Open competitive selection criteria shall be used by the Human Resources designee or designee to fill all job vacancies open to the general public.

1.24 Selection Devices: Selection devices such as rating sheets and standard questions for all candidates shall be designed to eliminate the possibility of discrimination on the basis of criteria prohibited by current state and federal law.

1.25 Cooperation with Management: The Human Resources designee shall confer with management, department heads, directors, and supervisors on the review and validation of selection devices.

1.26 Testing: Testing for a position with the City may be accomplished by one or a combination of the following: written tests, rating of education, training and experience, oral tests, assessment center, performance tests, or any other appropriate selection device.

- a. Tests shall be confined to those matters which reasonably test the candidate's ability to be trained for the position and which are directly job-related, and which fairly, validly, and reliably test the capacity and fitness of the applicants to successfully discharge the duties of the position for which the test is administered. Tests may be written, oral, physical, performance tests, rating of training experience, or any combination of these.
- b. Each Department head will develop a set of tests and questions pertaining to the specific job. Tests will be developed in accordance with established professional techniques and relevant laws, regulations, and guidelines with the intent of measuring critical or important knowledge, skills, abilities, job work behavior, or work necessary for successful job performance.
- c. No question or other mode of inquiry in any test shall be so worded or designed to elicit information that may discriminate for or against any applicant for reasons of sex, age, race, physical or mental disability (except as permitted under the ADA), national origin, political or religious

opinions or affiliations of any candidate, and all disclosures thereof shall be disregarded. No test shall be administered by a Department to a candidate for employment unless such test has been approved by the Human Resources designee.

- 1.27 Scoring:** The Human Resources designee shall compute a final test score using acceptable scoring practices. Where a combination of testing procedures is used, failure on any part of the procedures may constitute failure for the entire test. All testing and selection devices used shall be retained as part of the hiring record.
- 1.28 Confidentiality:** The Human Resources designee shall maintain the security of all tests. Written tests, oral test questions, performance tests, rating formulas, or any related material that would compromise the content of a test shall be confidential except as otherwise prescribed under State law or the Federal Freedom of Information Act. All persons involved in the selection process shall be warned by the Human Resources designee that the information provided by applicants is confidential.
- 1.29 Pre-Selection:** No position may be promised to any person. In all instances of hiring, the city shall follow Equal Employment Opportunity (EEO) procedures.

1.210 Rating and Referral of Applications:

- a. Except for Department Head positions, all applications received for a specific position will be rated by the three-person Evaluation Team, which shall include the Human Resources designee, the Department Head, and the head of a City Department other than the Department that is hiring, to assist in determining the best qualified applicants and to insure Equal Employment Opportunity. In the case of Department Head positions, the Human Resources designee and the City Manager shall interview all applicants. The City Manager may add other persons to the interview panel for either Department Head or non-Department Head position interviews at his/her discretion.
- b. The upper percentage of applicants from the rating sheet will be referred by the Human Resources designee to the Department Head and the City Manager for review. Additional applicants may be requested.
- c. Each Department Head/City Manager, working in cooperation with the Human Resources designee, will develop a scripted interview based upon the specific needs of the department.

- d. Interviews will be arranged for the applicants by the Human Resources designee with the Department Head and the City Manager. All interviews shall be conducted by the Department Head/City Manager and the Human Resources designee on the basis of the Department's/Manager's scripted interview, job related criteria, the position description, and other pertinent job-related factors. Members of advisory boards may be selected to assist with the interview.
- e. Final selection will be based on test and interview results determining the best candidate for the position.
- f. The City Manager is the final authority to approve the hiring of any applicant for a position within the City's employ, with the single exception of his/her own position. The City Manager is appointed to that position by a majority vote of the City Commission.

1.3 ADVANCEMENT AND TRAINING

The City of Truth or Consequences shall make every effort to provide the necessary counseling and training to insure all employees the opportunity for advancement and upward mobility. Promotion patterns shall be continually evaluated to insure that merit principles and non-discriminatory policies are followed.

- 1.31 **Training and education.** Contingent on the availability of funds, training and education shall be provided to assist employees in their career development and advancement whenever possible, if such training and education serves the best interests of the City, and has been pre-approved by the Department Director and Management. Whenever possible, employees are encouraged to notify their supervisor three months prior to enrolling.

Employees requesting tuition reimbursement shall submit a written request to the Department Director prior to enrolling in a course or degree program. The Department Director shall then submit written justification for approval to Management or his/her designee explaining how the course(s) or the pursued degree would benefit the city. If approved, the Department Director shall forward the request and justification to Human Resources. Employees who have completed their probation periods may be eligible for the following considerations and assistance:

- 1.311 Favorable arrangement of work assignments and schedules may be provided.

1.312 By continued evaluation, trainee, apprentice, and on-the-job positions may be established as needed.

1.313 For pre-approved or mandatory job-related credit or non-credit courses, if the course is satisfactorily completed with a grade of "C" or better, the city will reimburse 100% for required textbooks.

1.314 For pre-approved or mandatory job-related credit courses, the City will reimburse for tuition as follows:

- | | |
|------------------------------|------|
| 1. for a grade of "A" | 100% |
| 2. for a grade of "B" or "C" | 80% |

The City will reimburse for textbooks and tuition if not paid for by other financial aide sources, other than student loans, for example: GI Bill, Scholarships, Pell grants, etc.

1.315 All grades will be entered in the employee's personnel file for consideration in promotions.

1.316 Upon completion of a job-related advanced degree, the employee shall be awarded a merit increase.

1.317 If an employee voluntarily resigns from City employment within a year after the end date of the course(s) completion, the employee will reimburse the City the cost of the course(s) and textbooks.

1.31 MANAGEMENT. Management will stay informed of all affirmative action and equal opportunity policy. They shall examine and assess practices that affect equal employment opportunity.

- b. Persons who are employed by the City through student cooperative training programs, including Intern Programs, shall hold temporary appointments

2.4 Emergency Hire.

 1. Selection shall be made according to the terms of Section 1-1.
 2. The employee's signature on the Personnel Action Form will acknowledge willingness to accept a term position.

2.10 Transfers -- Lateral.

An employee may be transferred, as required, from a position in one Department to another Department, on approval of both Department Heads, the Human Resources designee, and the City Manager. Such transfer shall be made with no loss in compensation or benefits. The employee shall retain all accrued annual and sick leave, as well as any earned compensatory time. An involuntary lateral transfer will not require the imposition of a new probationary period.

2.11 Transfers -- Temporary Modified Duty Assignments.

2.12 Medical Examination/Evaluation.

- a. Any candidate recommended for appointment to any full-time or part-time position may be required to undergo a city-funded medical examination by a city designated physician in order to determine whether the applicant is able to perform the duties of the specific position. - b. The City Manager may, upon recommendation of the Department Head and the Human Resources designee, request a physical examination of any City employee, to be funded by the City and performed by a city-designated physician, to certify that the employee is capable of satisfactorily performing his assigned duties. It may be cause for termination, or of a modified duty assignment, if the result of a physical evaluation indicates that the employee is no longer capable of satisfactorily performing his duties, unless otherwise stipulated by law.

NOTE: Section 2.12 may be waived by the City Manager if budgetary constraints do not allow for the expenditure of funds for this purpose.

2.13 Drug and Alcohol Testing.

Refer to policy #10-3.8 in the Administrative Manual.

2.14 Human Immunodeficiency Virus (HIV) Related Testing

- a. No person or department may require an applicant or employee to disclose the results of a human immunodeficiency virus-related (HIV) test as a condition of selection for employment or as a condition of promotion or continued employment unless the absence of human immunodeficiency virus infection is a bona fide occupational qualification for the job in question.
- b. No test designed to identify the human immunodeficiency virus (HIV) or its antigen or antibody shall be performed without the informed consent of the applicant as required by the Human Immunodeficiency Virus Test Act under Section 24-2B-1 et Seq., NMSA 1978.
- c. No person with knowledge of test results shall disclose the test results to another person except as authorized by the Human Immunodeficiency Virus Test Act.

2.15 Employment date.

For salary review and leave benefit purposes, the employment date of any regular employee shall be the day of the month and year also known as the anniversary date of the employee.

SECTION 3: CITY DRESS CODE

3.0 Purpose:

The purpose of this policy is to establish a uniform standard of dress appropriate to the functions of the City of Truth or Consequences.

3.1 Policy:

This policy applies to all employees of, and those on employment contract with, the City of Truth or Consequences, with the exception of uniformed employees of the Police Department.

3.2 Job-appropriate Attire:

City employees are constantly in the public eye; consequently it is important that the employees present the best possible image to the public. Employees should always be clean and neatly dressed, in clothing suitable for their work assignments. Uniforms and other clothing should allow for comfort and for complete range of motion (bending, stooping, reaching, etc.) without restriction or limitation of movement.

All office personnel are expected to present an image of professionalism through a businesslike manner of dress. It is City policy that office personnel do not wear uniforms and are therefore not eligible for a clothing allowance.

Non-office personnel (uniformed employees) may have dress codes specifically developed to provide for the work functions of the individual departments. All department dress codes must be reviewed/approved by the City Manager to insure that they are suitable and equitable. Uniforms purchased by the city must be worn when on the job, including after-hours call-outs.

Employees whose work duties require specialized attire will consistently wear clothing that provides for their safety (personal protective equipment, steel-toed shoes or boots, gloves, lab coats, safety belts, safety glasses, approved working hats), and that is appropriate for environmental influences (heat, cold, etc.). It is the responsibility of every employee to know when special clothing is necessary.

3.3 Prohibited Attire:

The following articles of clothing are prohibited:

- a. Tank tops, muscle shirts, halter and midriff tops, spandex.
- b. Sleeveless tops that do not closely circle the shoulder.
- c. Clothing that is inappropriate in length or fit; short pants or skirts must be long enough to reach a point no more than four (4) inches above the middle of the kneecap, and must be hemmed (not cutoffs).
- d. Exercise clothing (sweat suits, jogging suits, gym shorts).
- e. Undergarments may not be worn on the outside of outer clothing.
- f. Unprofessional messages or graphics (politics, religion, alcohol, drugs, gang-related, or morbid images). Note: Items of jewelry are usually acceptable because they are of a more personal nature, and are not easily interpreted as sending a message to others.

3.4 Clothing/Boot Allowance Rules:

In an effort to make sure each and every department follows the same rules regarding uniforms, the following is to be strictly adhered to:

1. The City will purchase the following items:
 - a. Six (6) pairs of standard Wrangler denim jeans (or equivalent) per year.
 - b. Six (6) work shirts (long or short sleeves) per year.
 - c. One (1) pair steel-toed safety boots per year.
 - d. One (1) jacket every two (2) years.
 - e. One (1) pair coveralls, insulated or non-insulated, every two (2) years.
2. Uniforms purchased by the City are City property. An employee who prefers a different type of jeans, shirts or boots must cover any amount in excess of the amount approved by the Department Head, and should be aware that the uniforms remain City property. Uniform items will depreciate on the same time frame as they are purchased (i.e. jeans, shirts, and boots, one year; jackets and coveralls, two years).

3. In keeping with the City's probationary requirements for new hires, no clothing allowance other than that needed for required safety items will be provided until the employee has worked for three (3) months. This three-month rule shall not apply to inter- or intra-departmental transfers.
4. Only one (1) issuance of clothing and boots per calendar year for each eligible employee will be allowed. In other words, if clothing was issued in May, the next clothing allowance would not be issued until the following May -- one (1) year from the previous clothing and boot allowance that the employee received. This one-year rule may be waived if the Department Head and Risk Management determine that the condition of the clothing or boots has become a safety issue. Additionally, should a jacket or a pair of coveralls become damaged beyond use, an employee may request a new jacket or pair of coveralls prior to the expiration of the two-year limit; however, each such request shall be evaluated on a case-by-case basis.
5. An employee who elects to resign his/her position after receiving a clothing allowance must return all city-purchased uniform items to the City. Failure to return the items will result in a "Miscellaneous Charge" being deducted from his/her final paycheck. Supporting documents will be provided for:
 - a) Clothing and boots, pro-rated on the depreciation schedule of one (1) year from the date of purchase.
 - b) Jackets and coveralls, pro-rated on the depreciation schedule of two (2) years from the date of purchase.
6. Uniforms are considered a taxable fringe benefit unless identified as City property by a City patch affixed to the garment. Shirts and jackets/coveralls shall have the patch affixed on the left upper sleeve. Pants shall have the patch affixed on the right hip at the belt line.

3.5 COMPLIANCE

It is the responsibility of every employee to understand and to comply with the approved City Dress Code, and it is the responsibility of the Department Heads/Supervisors to ensure compliance. Failure to abide by the City Dress Code will result in administrative action as follows:

- **First offense:** you will be verbally warned and sent home to change clothing.
- **Second offense** you will be sent home to change clothing and a written reprimand will be placed in your personnel file.

NOTE: *The time spent off work for this reason will be deducted as Leave without Pay from that day's work hours in 15-minute increments.*

- **Third offense** will be considered insubordination and you will be subject to immediate disciplinary action in accordance with City policy, up to and including termination of your employment.

SECTION 4: POSITION CLASSIFICATION

4.0 Purpose

The Position Classification policy is an administrative tool providing a system of standardized titles and common job language critical to the administration of personnel activities. It provides for such things as: manpower planning and budgeting, the establishment of job performance standards with fair and equitable pay, and the development of recruitment programs, candidate selection, and training programs.

4.1 City Personnel Classifications

1. **Classified:** All employees who are considered to be "non-exempt" from the requirements concerning overtime and other benefits as provided by the Fair Labor Standards Act. Non-exempt employees receive compensatory time off or overtime pay for actual hours worked in excess of forty (40) hours per week.
2. **Non-Classified:** All administrators, directors, and managers who are considered to be "exempt" from the requirements concerning overtime and other benefits as provided by the Fair Labor Standards Act. Classification as "exempt" is determined by a position's requirements and responsibilities as described in the Department of Labor Regulations. Exempt employees do not receive additional pay or compensatory time for working more than forty (40) hours per week.

- B. A Department Head may prepare a reorganization of the Department within its organizational units for purposes of a reduction in force by

submitting to the City Manager a written plan for such reorganization together with the reasons thereof, and the City Manager shall present it to the governing body. Such organizational units may be recognized on the basis of funding source or functions.
